

## **Pre & Post FotoFacial™ Instructions**

*Congratulations on doing a Fotofacial with DermaCare of Tri-Cities.  
We use the Cutera Solera LimeLight*

The following instructions will help you achieve the best results from your treatment. Please take a moment to review this information and go over any questions and/or concerns you may have with the provider, consultant, and or laser technician.

Please reveal all medical conditions and medications to the consultant and the provider. Certain ones may negatively impact the laser procedure – such as pregnancy, history of cold sore, diabetes, history of skin keloids, and certain medications (i.e., Accutane, tetracycline, etc).

Do not use self-tanning lotions, tanning booths, or sunbathe for two weeks prior to your laser treatment. (Any patient arriving with a tan or sunburn will be rescheduled for their own safety).

Please be advised that you may expect a certain degree of discomfort, redness, swelling, and/or irritation during and after treatment. If any discomfort or irritation persists for more than five days, please notify the clinic. Our **jane iredale mineral makeup** can be applied after treatment. As a rare side effect, a blister or scar may occur. If so, gently wash the area; use an antibiotic ointment such as Bacitracin, twice daily.

Brown spots and/or freckles may turn darker and then flake or crumble off during and after treatment. It may get worse before it gets better. Please be patient.

Ask our staff members to recommend products for post-treatment care. Wash your face or other treated areas with a gentle cleansers (**DermaCare Gentle Green Tea**). It is important to keep your skin well hydrated (**DermaCare Moisturizer**) and adopt the use of sun-block (**DermaCare Sensitive Skin Sun Screen**) as your daily regimen. Additionally, other product and procedure recommendations can be made to maintain your new, rejuvenated look.

It is recommended to have a minimum of 5 treatments, each treatment being 3 to 4 weeks apart for a maximum benefit of the FotoFacial™ program.

It is recommended that you follow up after your last FotoFacial™ treatment has been completed. Contact the clinic if any questions or concerns arise.

*Thank you for choosing DermaCare for your Fotofacial.*

*Your referrals are greatly appreciated.  
We will send you a \$50 gift certificate for each friend or relative that you refer to us.*
